1. A. Student Strengths

Strengths, interests, preferences:
- Talents
- Interests
- Skills – Academic, vocational, communication
- Social-emotional behaviors

1.A. Student Strengths

- Strengths Checklist
- Positive Student Profile
- My Snapshot
1. A. Student Strengths

Example 1: Marquis is an eager student. He reads best during circle time. He puts effort into making friends & keeping them. He recognizes all peers and teachers by name (great visual memory). He likes trains, video games, and reading comic books. He likes taking things apart to see how they work. He likes music, his Ninja class, and can swim.

Example 2: Karley likes to work independently. She asks for help when needed. She follows routines well. She has a strong number sense and does 2-digit subtractions in her head. She enjoys being read to. Karley learns best when key concepts are reviewed frequently. She likes doing puzzles and camping with her family. She loves her dog and is confident and gentle with animals.

1. B. Present Level

Present Level of Academic Achievement & Functional Performance

- “Present Level” (PLAAFP)
- Strengths, abilities
- What helps or interferes with learning
- Areas of NEED
1. B. Present Level

Progress in the general education curriculum

- Compared to age/grade level
- Academic Achievement
- Functional Performance (non-academics)
- Parent information

Example: Results of standardized testing (Woodcock-Johnson Revised) show Mario's basic **reading skills** are beginning-4th grade level (standard score=89). His basic **writing skills** are at a 3.7 grade level (standard score=81).

Example: David's basic reading & writing is significantly below his ability. David makes errors when he reads & has trouble decoding long words. His comprehension skills are strong. He uses context & picture cues to help him understand what he is reading.
